UI/UX Designs, Testing, Communication, Team Integration, Empathy, Collaboration, Open-mindedness, Critical Thinking, professionalism, Problem solving, Adaptability, Accountability and many more

# IFEANYI LUCKY

## FRONTEND ENGINEER

I am a skilled frontend engineer with expertise in HTML, CSS, JavaScript, and frontend frameworks. I enjoy collaborating with designers and developers to deliver high-quality solutions that meet user needs regardless of stack. I am adaptable, constantly learning, and committed to improving my skills. With excellent communication and problem-solving abilities, I am a dedicated team player who strives for project success.

## EXPERIENCE

I've worked on a handful of web projects over the years, some of which were for the following organizations

October 2022 – Present

### Thebrik

Software Engineer

- > Building stable and maintainable codebases using React, Node JS and JavaScript.
- > Implementing new features and improving existing ones, Building robust and performant new features in a Service Oriented Architecture (SOA), Profiling and optimization of existing features, support planning and testing features.
- > Built a multi-role user authentication system from the ground up with JavaScript.

**Tools/Technologies** – React, JavaScript, Material UI, Framer motion, Redux, Git, Vercel, Cyclic, Preprocessors, MongoDB, Redis

March 2022 – August 2022

### Jentomed Specialist Hospital

Web developer

- > Web development and maintenance
- > Implemented an appointment booking system

**Tools/Technologies** – NextJS, JavaScript, Framer motion, Git, Vercel, Bootstrap

August 2021 – October 2021

### HNG Internship

Frontend developer (Intern)

- > Worked closely with the team to translate design mock-ups into elegant and fast responsive web application-->
- > Received mentorship from 4 senior developers while consistently implementing their feedback.
- > Collaborate closely with Product, Design and fellow engineers to develop and iterate on the responsive site experience.

**Tools/Technologies** – Javascript, React, Git, Heroku, HTML/CSS
